

GET A \$1,000 FOR TURNING IN YOUR VEHICLE

The Consumer Assistance Program (CAP) pays qualified owners \$1,000 to voluntarily turn in their high-polluting cars. To apply, call (800) 952-5210 or go to www.breatheeasier.ca.gov.

Here is how it works:

Vehicle fails smog check

Owner calls (800) 952-5210 or visits <u>www.breatheeasier.ca.gov</u> for information and to get an application

If the application is approved, owner receives a "letter of eligibility" and a list of participating dismantlers

Owner gets appropriate documents from DMV

Owner takes the vehicle to dismantler, who inspects it

If the vehicle passes, owner gets a \$1,000 check for turning in their high-polluting vehicle

Thanks for helping California Breathe Easier!
